CIKA Gas Appliance Installation Kit

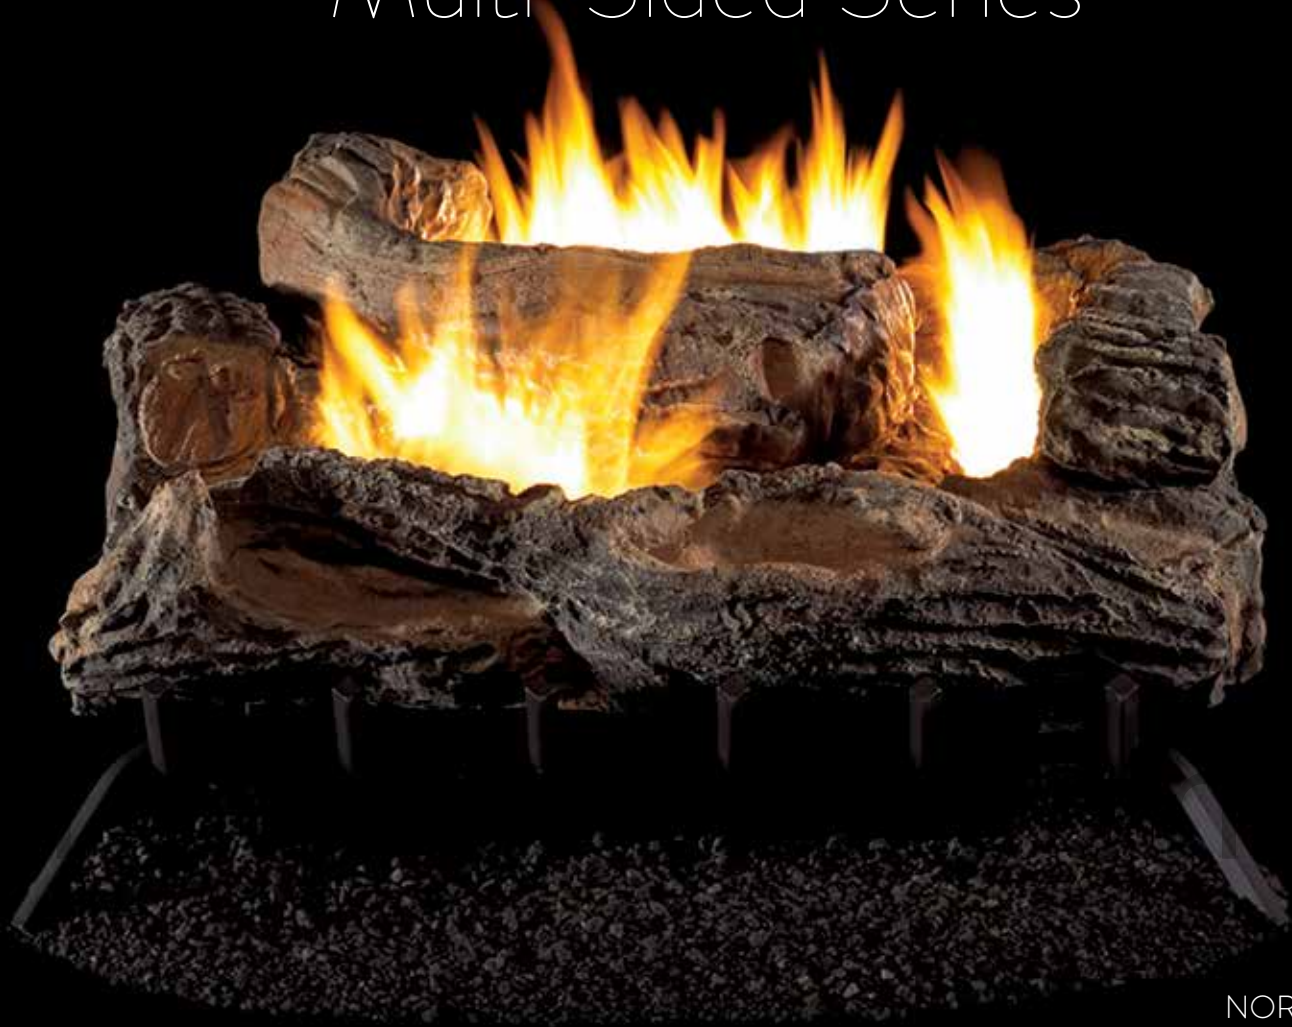

FM100 Floor Media Kit (3 media types) or Separate FDVS Volcanic Stone

GA6080 Damper Clamp

MFEF Volcanic Stone Flame Bed Kit (Mega-Flame Outdoor Series Only)

Multi-Sided Series

NORTHERN OAK
Logs & Burner System

STANDARD FEATURES

- ✦ For use in fireplaces with multiple openings
- ✦ Two rows of tall dancing yellow flames look great from any angle
- ✦ Highly detailed ceramic fiber five-piece design
- ✦ Heavy-duty grate for enhanced rugged appeal
- ✦ Millivolt control model is remote ready for optional remote and wall controls

The Multi-Sided Series is the perfect choice for see-thru, peninsula, corner and island fireplaces. This Vent-Free Gas Log Heater features “Remote Ready” controls, abundant yellow flames from a dual burner, plus a beautifully styled five piece multi-log design. Unique, clean burning design provides 99% heating efficiency, allowing you to operate the logs vent-free with the fireplace damper closed.

Things to Consider When Selecting Your Astria Vent-Free Gas Logs

Astria offers an extensive line of vent-free gas log sets in a variety of styles and sizes.

Use the guidelines below to help you choose your great-looking set of Astria gas logs.

VENT-FREE OR VENTED APPLICATIONS

- ♦ Vent-Free Gas Log Sets can be installed in any certified vented fireplace or any ANSI Z21.11 certified vent-free universal firebox
- ♦ Vent-Free Gas Log Sets with Manual, Millivolt or Variable Controls are also listed to the ANSI Z21.60 Vented Log Decorative Standard, which requires the GA6080 damper clamp accessory

SAFE, CLEAN AND EFFICIENT OPERATION

- ♦ Clean and reliable heat without the worry and inefficiency of vented gas logs or burning wood
- ♦ Dual purpose Oxygen Depletion Sensing (ODS) safety pilot system protects against oxygen depletion and any interruption in the fuel supply
- ♦ Vent-Free Gas Log Heaters are designed and certified by PFS Corp. and meet or exceed all regulations and safety performance standards
- ♦ Meet or exceed nationally recognized standards/guidelines for indoor air quality

VARIETY OF CONTROLS FROM WHICH TO CHOOSE

Available control types vary depending on the Vent-Free Gas Log Series you choose.

MANUALLY CONTROLLED MODELS

- ♦ Continuous ODS safety pilot with matchless push-button ignition
- ♦ Manual on-off and variable high-low flame height control

MILLIVOLT CONTROLLED MODELS

- ♦ Continuous ODS safety pilot with matchless push-button ignition
- ♦ Manual on-off and variable high-low flame height control
- ♦ Remote control ready for a variety of optional hand-held remote and wall controls

VARIABLE CONTROLLED MODELS

- ♦ Continuous ODS safety pilot with matchless push-button ignition
- ♦ Manual on-off and variable high-low flame height control
- ♦ Includes remote control with digital display, manual or thermostatic modes and 5 flame height settings

ELECTRONIC IGNITION CONTROLLED MODELS

- ♦ Fuel saving electronic intermittent ODS safety pilot with battery back-up
- ♦ Manual on-off and 2 position high-low flame height control
- ♦ Includes remote control with digital display, manual or thermostatic modes and 3 flame height settings (Outdoor remote varies)

CONCRETE OR CERAMIC FIBER LOGS

Available log types vary depending on the Vent-Free Gas Log Series you choose.

- ♦ Concrete logs are highly detailed with the wood grain texture, look, feel and color of real wood logs
- ♦ Ceramic Fiber logs produce a realistic glow reminiscent of charred logs and burning coals in a real wood fire

FINISH WITH OPTIONAL ACCESSORIES

- ♦ Hand-held remote control, wall switch and wall thermostat kits
- ♦ Decorative volcanic stone and floor media kits
- ♦ Pine cones, log scraps and control cover kits
- ♦ Adjustable fireplace hood for mantel shelf protection
- ♦ Gas appliance connector kit and damper clamp

WARRANTY

- ♦ All models include the Astria 3-year limited warranty

IMPORTANT CONSIDERATIONS: Read Owner's Manual before using. Installation must be done by qualified service persons. Check local codes and ordinances for permitted uses. Vent-free gas products are prohibited for bedroom and bathroom installation in Massachusetts. All products approved for manufactured (mobile) home installation. We reserve the right to amend product specifications without notice. Operating heater at very high elevations could cause nuisance outages. Use with adequate air (ventilation) only. Humidifies while it heats. Provides water vapor in the area heated (Refer to owner's manual). Product cannot be converted between fuel types.

Blaze N' Glow Series

BISON MOUNTAIN Logs with
BLAZE N' GLOW Burner System

STANDARD FEATURES

- ✦ Glowing center fiber log and ember bed for wood fire realism
- ✦ Heavy-duty grate for enhanced rugged appeal
- ✦ Choose from concrete or ceramic fiber logs
- ✦ Millivolt control model is remote ready for optional remote and wall controls
- ✦ Variable control model includes ProFlame remote control (Manual & T-Stat modes, On-Off & 5 flame heights)
- ✦ Electronic control model includes EcoFlow Touchscreen remote control (Manual & T-Stat modes, On-Off & 3 flame heights)

CAROLINA OAK Logs

Concrete Logs

astria.us.com

The Dual-Flame Series' unique, clean burning design provides 99% heating efficiency, allowing you to operate the logs vent-free with the fireplace damper closed. With no venting required, there is no heat loss up the chimney. Plus, heating with vent-free gas logs means you'll never again be left in the cold with wet logs or without heat during a power outage.

ANDES MOUNTAIN Logs

Ceramic Fiber Logs

Let your style shine.

The Blaze 'N Glow Series provides three distinct areas of flame: dancing yellow flames in the rear, glowing logs in the center and vibrant glowing embers in the front. All models are heater rated with 99% heat efficiency and include a wood-burning grate appearance. Hand crafted with high-definition bark and split wood details, the Blaze 'N Glow series logs are molded from real timber to create the essence of authentic firewood.

SHADY HOLLOW Logs with
MAGNI-FLAME Burner System

STANDARD FEATURES

- ✦ Available in a wide range of sizes from 24" to 30" to an impressive 36"
- ✦ Highly detailed concrete logs with the wood grain texture and color of real wood logs
- ✦ Heavy-duty grate for enhanced rugged appeal
- ✦ Millivolt control model is remote ready for optional remote and wall controls
- ✦ Variable control model includes ProFlame remote control (Manual & T-Stat modes, On-Off & 5 flame heights)
- ✦ Electronic control model includes EcoFlow Touchscreen remote control (Manual & T-Stat modes, On-Off & 3 flame heights)

The Tri-Flame Series features a unique triple burner and glowing ember bed at its base to achieve the look of a real wood fire. Flickering embers are achieved through the use of two unique technologies and the burner offers the distinctive feature of an additional row of flames behind the logs. The result is a striking appearance with a very deep flame pattern. All models are heater rated with 99% heat efficiency and include a wood-burning grate appearance.
